GAINING STRENGTH

But Food Supply is

Noncombatants Enforced to
Work For Filipinos.

McArthur Establishing Municipal Govern-
ment in Villages.

By Associated Press to the Journal.
MANILA, Aug. 19 via Hong, Hong Aug. 22.—Filipino rebels appear to retain much more fighting spirit than might be expected after their recent San Fernando experiences and Lawton's drubbing in the south. After giving up San Fernando with a feeble struggle they entrenched at Angeles, working for several days, and impressing the noncombatants into the work thus saving the armed men for fighting.

In a brush between the Filipinos and the Americans during three days the Americans lost several men, while the Filipino loss was very heavy. Of these operations the associated press correspondent was permitted to send only inadequate dispatches, dictated verbatim, by Gen. Otis' censor who writes only stereotyped official phrases and adjectives into the dispatches, tending to magnify American operations and minimize the opposition.

All reports from territory agree that the scarcity of food is increasing and the rebel commanders at Apuray and other points have refused to obey Aguinaldo's orders in regard to closing the ports before the rebels against American ships. Hundreds of people come into Manila daily and return to the rebel lines with food and other commodities. Guards stationed along the road reported that 3000 persons passed through the lines in three days and that 45 tons of rice were carried out in small parcels on the same road in ten days.

Much of this undoubtedly goes to aid the rebels, but the authorities permit the traffic from motives of charity towards the women and children who are undoubtedly suffering. Gen. MacArthur is establishing municipal government in the villages north of Manila. The mayor of Balicun, the first town where Lawton established the same rule, who was supposed to be one of the most friendly and trustworthy natives has been placed in jail charged with arranging with the rebels for an attack on the town. It is alleged that more than half of the Howitzer ammunition used during the fight at Angeles was defective and failed to explode.

American Soldiers Drowned.
MANILA, Aug. 22.—While a reconnoitering party of the Twenty-fourth Infantry, under Captain Crane, was crossing the Mariguina river on a raft, the hawners broke. The current, very swift at that point, caused the raft to capsize, drowning nine enlisted men. The United States transport Tartar, from San Francisco July 24, with General Joseph Wheeler and his daughter, troops of the Nineteenth Infantry and more than \$1,300,000 in coin, has arrived.

Howard Gould and Wife With Royalty as Guests.

MOSCOW, Aug. 22.—Mr. and Mrs. Howard Gould, with United States Consul General Winslow, of Stockholm, as their guest, visited St. Petersburg this week on Mr. Gould's yacht Niagara. The party entertained while at St. Petersburg the Grand Duke Alexis, uncle of the czar and commander-in-chief of the Russian navy, Admiral Schilling and Captain Niloff and Captain Fourdoff, accompanied by the United States Ambassador Charlemagne tower. The party remained on the yacht an hour. The grand duke expressed astonishment, at the completeness of the yacht and the comfort of its appointments. The Niagara has returned to Stockholm, and will go then to Kiel.

CHURCH RESTRICTIONS.

Japan Will Place All Sects Under Control of Government.

CHICAGO, Aug. 22.—A special to the Times-Herald from Seattle, Wash., says:

Japan's new law regulating all faiths and beliefs has gone into effect and much comment has arisen in consequence. A copy of the regulations has been received at the Japanese consulate here. According to it all sects, pagan or Christian, are placed under the absolute control of a local governor. Without his permission even a church cannot be built or meetings held. The regulations even go so far as to demand detailed information regarding the pastor. Before commencing religious work, propagators of a faith must go before the governor with all details. The scheme of faith must be fully explained, church finance accounted for, and the personal and religious history of the applicant, writing. The order further decrees that all who desire to establish or build a temple, church, preaching or lecture-

house for religious purposes must apply for permission, furnishing the following particulars: Why such building is necessary; the date when the building will be completed; the name of the building, where located and all necessary information relating to the site and structure, and also the plan of the edifice; the name of the religion, its method of control and maintenance; when there is a chief preacher, his qualifications and the method of his election. If the building is not completed within the time stated by the applicant, the permit will be null and void.

THREE HANGED.

First Legal Execution in the Klondike Country.

SEATTLE, Aug. 22.—Passengers of the steamer City of Topeka, which arrived last night from Skagway, Alaska, bring news of the first legal execution in the Klondike.

A triple hanging occurred at Dawson August 4. The parties hanged were two Indians, Dawson Nantuck, Jim Nantuck, and one white man, Edward Henderson. Henderson was convicted of murdering his partner, named Peterson, on the trail near Marsh lake, in September, 1897. The Indians were convicted of murdering William Mahan and injuring his partner, James Fox, on the McClintock river, in May 1898.

There were originally four Indians implicated in the murder of Mahan, but two of them died in jail at Dawson last fall. The execution was private and passed off without special incident.

NEBRASKA CONVENTIONS.

To Meet on Same Date—Bryan Is a Delegate.

OMAHA, Aug. 22.—The state conventions of the Democrats, Populists and Silver Republicans of Nebraska met in this city today to place in nomination candidates for justice of the supreme court and two members of the board of regents of the state university. There will be a strong attempt made to fuse the three parties on all the nominations, with a good prospect of success. Colonel W. J. Bryan is a delegate to the Democratic convention and it is reasonably safe to predict that his wishes will govern the action of that body. This means that fusion will be a go, and that the platform will declare for free silver.

On the question of the Philippines, the platform will in all probability, declare against expansion and criticize the administration for its conduct of the war.

LABORI APPEARS

In Court to Defend
His Client.

Two Internal Machines
Sent to Him.

Bath Loaded With Gun Cotton—Other Foreign Items.

By Associated Press to the Journal.
RENNES, Aug. 22.—N. Labori appeared in court this morning and was congratulated by President Jouanste, Labori replied in an eloquent speech. His reply to the president considerably fatigued him and he sat down flushed and holding his side. He afterward once or twice nervously twitched his fingers as though he was suffering.

The first witness was M. Grenier, the former prefect of Belfort. His testimony was favorable to Dreyfus and distinctly hostile to Esterhazy.

Major Rollin of the intelligence department was asked by Labori during the former's testimony how certain documents of a later date than Mercier's ministry came into Mercier's possession. Rollin said that was not his business to explain. Finally Labori asked Jouanste to request Mercier to explain. The General declined to answer, Labori insisted but Mercier still refused to answer.

Labori then declared he would reserve to himself the right to take the necessary measures to obtain the desired information.

RENNES, Aug. 22.—Labori last evening received two mysterious parcels believed to be internal machines. The police are examining them.

PARIS, Aug. 22.—Rennes correspondent telegraphs that internal machines sent Labori have been found filled with gun cotton.

RAILROAD MEN KILLED

By Tramps and Bodies Thrown Under the Cars.

By Associated Press to the Journal.
MARSHALLTOWN, Ia., Aug. 22.—Three tramps stealing a ride on a Chicago and Great Western freight train shot and killed brakeman Wilson and Conductor Mathews and threw their bodies under the wheels. The murderers escaped but an armed posse has started in pursuit.

Prisoner's Plan to Escape.

CHICAGO, Aug. 22.—Hidden in the clothing of one of the prisoners at the Fort Sheridan guardhouse yesterday, was found the key to the post magazine. On other prisoners the officers investigating a supposed jail delivery plot, discovered razors, knives, powder and cartridges. Further examination by Captain H. D. Houghton, of the Fifth artillery, and Lieutenant Maccoch, disclosed the fact that the three upright bars in the window of the guardhouse had been sawed through, the two horizontal bars being saved until the exerting of a little strength would break them. Then 42 prisoners in the guardhouse would have found it an easy matter to obtain their liberty.

The officers are satisfied but for the escape of Private Miller on Saturday, the plot to free the men would have been put into execution that night. It is supposed the prisoners secured the magazine key in the hope that the cartridges might be deprived of ammunition. When the cartridges found on the prisoners were examined, it was found that the powder had been removed from four of them and knife blades had been inserted in the lead. The cartridges resembled the ordinary article on the outside. The lead evidently had been melted and the knife blades soldered in.

The sergeant who commanded the guard over the prison has been placed under arrest, but he is not believed to have been implicated in the plot. Sentinel Staico also has been placed under arrest, and it is probable that he will be punished for permitting Miller to escape.

THREE CONVENTIONS.

Political Parties Convene to Nominate Tickets.

OMAHA, Aug. 22.—Three conventions, Democratic, Populist and Fusion were called to order this afternoon. In the Democratic convention W. Y. Thompson, national committeeman for Nebraska was named temporary chairman. The Populist and Free-silver Republican conventions were a little slower in getting together. Indications point to the nomination of ex-governor Holcomb as candidate for supreme judge by the three conventions.

KRUGER REFUSES

To Submit to England's Demand.

By Associated Press to the Journal.
LONDON, Aug. 22.—President Kruger has refused to submit to the demand of Mr. Chamberlain for the appointment of a court of inquiry. He may have done so diplomatically or hedgingly. But, that his answer is regarded by the British government as tantamount to positive refusal, is now an established fact.

The colonial office is noncommittal, but there are other evidences which amply justify the statement. The report that President Kruger has proposed new terms is somewhat verified by the guarded comment of the colonial office officials, and the irritability displayed there. There is not the slightest doubt that they now believe war is the only way to settle the controversy.

They would far rather have had a curt, defiant answer than the temporizing answer which the Boer president has sent. With the former Great Britain would have plain grounds for a quick commencement of hostilities.

Under the circumstances, which it is believed now exist, aggressive action needs considerable explanation to justify it in the eyes of the world, and the English majority who still declare war would be an outrage.

However, if Mr. Chamberlain has his way, it is believed President Kruger's counter-proposal will meet with scant attention, unless the Boers completely back down, which is not likely, the crises will quickly develop into war. It has developed that the war office has been aware of the nature of the Transvaal government's answer for several days and that it was communicated to the war office, hence it is probable that Great Britain will delay denouncement as little as possible.

A high official expressed to the representative of the Associated Press his disgust at what he termed "Kruger's cupidity and hypocrisy." He said: "The kind of game which Kruger is playing must be clear to Americans. The protestations of the Boers that they wish to live a quiet agricultural life, may be the tune of some of the Veldet, but the gang in Pretoria is simply after money."

Though President Kruger says many harsh things to the Uitlanders, he never hesitated to make money out of them, either by fair or foul means.

"The Transvaal question cannot be judged by recent occurrences. You must go back 50 years."

A special despatch from Cape Town says there is great danger of an outbreak of violence on the frontier, and that the sum of South Africa is enlivening through the colony, and is being sent to Pitsoana and Jameson, on the border.
